Copies of lists of imports and allocations of fuel and lubricants
for Land Thuringia in January, February and March 1949 follow:

25X1A6a

Comment:

a. According to these lists all sales of fuel and lubricants in Thuringia are handled by the Derunapnt (German-Russian Naptha Company) and by the DKMZ (German Fuel and Mineral Oil Center) in Potsdam. All activities of the western mineral oil companies i.e. the British Oil Company, BLM (a branch of the Anglo-Iranian Oil Company), the Standard Oil and the Shell Company were prohibited by the German Economic Commission effective 1 January 1949. All funds of the German mineral oil trading companies in the Soviet Zone of Germany were transferred to the DKMZ.

b. As shown in the column sales the Derunapnt sold 60 percent and the DKMZ about 40 percent of all gasoline shipments allocated to Thuringia in the months of January, February and March 1949. There is a similar ratio for the sales of power gas. However, the share of the DKMZ is larger for the sales of the remaining fuel and lubricant products.
